NEWS FROM THE METROPOLIS

The Democratic Faction.

NEW YORK, October 3.—Committees of Tammany and Anti-Tammany Societies, of this city, met in a conference last night and agreed to vote on the same basis that was adopted for the Saratoga Convention.

This will give Anti-Tammany about two-fifths of the Representation for the city and county offices. The several primaries will be held and a Conference Committee of the two conventions appointed, to determine the distribution of offices.

The Railroads and Trade.
During the last two months there has been a marked increase in the amount of freight received and shipped over the lines of the several trunk railways running out of this city. The tonnage carried within the time mentioned is much greater than that transported during the corresponding two months of 1875, and appearances indicate that business will continue to improve during the fall. Railroad officials are unusually busy, and officers of all the roads express themselves highly gratified with the improvement in trade, which they say is an evidence of the beginning of prosperity throughout the whole country.

CHICAGO.

Business, Personal and Society News from Chicago.

CHICAGO, October 3.—Randolph Reenah, unmarried, was killed instantly yesterday by being caught in the fly-wheel at the rolling-mills and crushed. It is again rumored that H. B. Claffin & Co. have leased buildings for a Chicago branch.

At Gen. Sheridan's Headquarters the officers report Crook's and Terry's positions unchanged. Both are being supplied with horses and arms, and will begin a new campaign in two weeks. Sifting Bull is believed to be marching north towards the British Possessions.

George Russell Rose, an Episcopalian clergyman of New York, died suddenly here yesterday. He was a reformed gambler.

August Neuhaus pleaded guilty to-day before Judge Blodgett for crookedness in whiskey matters. He was fined \$1,500 and costs, and the rest of the sentence was suspended for pardon. A. C. Hessing was one of the co-defendants.

The Exposition has been crowded with children, the public schools being all closed by order of the School Board. The spacious building was fairly packed. A fair estimate would put the number at least 8,000.

It is rumored in Chicago society circles that Dr. William Barlett, late of Plymouth Church, but now of Indianapolis, is soon to re-enter the marriage state, his wife's sister being the lady.

Miss Von Stammwitz, the German actress, for some time heralded to appear here, made a debut of unequivocal success last evening, at the new Chicago Theater, in the role of "Donna Diana."

FOREIGN.

CONGRESS OF WORKINGMEN.

NEW YORK, October 3.—A Herald cable special from Paris says the Congress of Workingmen opened last night. All the great cities of France were represented. The chief objects of the Congress are to devise plans for obtaining higher rates of wages for workmen and women, and a share in Parliament.

CRITICAL SITUATION AT CONSTANTINOPLE.
The Herald's correspondent at Constantinople telegraphs that the situation there is really very critical—rendered so by the incendiary character of articles in the public prints. He thinks it urgent that an American fleet be sent to the Bosphorus to protect the lives and property of Americans.

A GREAT WAR PROBABLE.
LONDON, October 3.—The Earl of Carnarvon, speaking at Derby to-day, stated that the prospects of peace in Europe are most critical. A great war, he said, might now be the balance.

A TREATY BETWEEN THE UNITED STATES AND RUSSIA.
ST. PETERSBURG, October 3.—It is reported that Russia and the United States concluded a treaty in August under which Russia cedes the port of Okhotsk, Siberia, and the adjacent territory on the shore, to the United States in exchange for iron-ore work to the value of sixteen million rubles.

NOT A GOOD PLACE FOR FUGITIVES.
LONDON, October 3.—Advices from Barcelona state that Tweed's arrest, although there is no treaty between Spain and the United States, is not without precedent. One month ago an Englishman was arrested at Seville for embezzlement and shipped to England. Two other Englishmen were arrested at Barcelona and sent to England. The Spanish Government has been in the habit of returning fugitives from justice.

PHILADELPHIA.

Centennial Matters.—The National Women Suffrage Association.

PHILADELPHIA, October 3.—The Centennial Commission met in executive session yesterday, and proceeded with its duties in the supervision of the awards of prizes. Several hundred cases are still awaiting examination, and several appeals for examination have been made in cases where exhibits were overlooked. It will take until the close of the month before the entire business of settling the awards and preparing results and medals is finished. The attendance at the grounds yesterday numbered over eighty thousand.

A meeting was held at the rooms of the Board of Trade for the purpose of forming a Stock Company for the purchase and establishment of a permanent exhibition in the Main Building of the Centennial. Nothing definite was accomplished. The eighth annual meeting of the American Woman's Association was held last evening.

tion was opened last evening. The attendance was large, and the opening address was made by Mrs. Mary A. Livermore. The Association will be in session all the week.

Bulletin Triumphs.

WASHINGTON, October 3.—The Secretary of the Treasury has appointed A. B. Mullett, Ex-Superintending Architect of the Treasury, Superintendent of the Custom-houses at Cincinnati, Chicago and St. Louis, and of the Post-offices at New York, Philadelphia and Hartford, comprehending the buildings originally designed and commenced by Mullett, but still incomplete. The object of the appointment is to secure the completion of the buildings according to the original plans, deviated from by the late Superintending Architect.

Minor Mentions.

NEW ORLEANS, October 3.—There were six deaths from yellow fever here last week.

NEW YORK, October 3.—A \$12,000 fire occurred at Mt. Vernon, Chester County, last night. Jacob Hartman's saw-mill was totally destroyed.

BALTIMORE, Md., October 3.—George Kuhn, a prisoner in the City Jail, attempted suicide by jumping to the stone floor of the jail, a distance of forty feet. He is alive, but was injured severely.

Connecticut Town Elections.

NEW HAVEN, October 3.—The Constitutional amendments were carried by large majorities on a small vote in this city. There was no election for officers held in New Haven Township.

Madison, East Haven and West Haven gave Republican majorities for town officers.

Darley goes Democratic. Reports of the vote on the Constitutional amendments are very meager, but generally favorable.

Postal Railway Commission.

LOUISVILLE, Ky., October 3.—The Postal Railway Commission commenced its inquiry here yesterday and examined several experts relative to the postal service. The session will be continued to-day and to-morrow, after which the Commissioners will go to Nashville and Atlanta.

FLASHES.

Work has been resumed in the Lehigh (Pa.) coal mines.

Elmira, N. Y., sends \$1,100 to the yellow fever sufferers.

The residence of Henry Pierce, at Landover, O., was entered by burglars yesterday.

The St. Louis Fair opened yesterday with a large attendance and prospects of a very successful season.

A San Antonio special to the Galveston News says a detachment of McNelly's Company under Sergeant Armstrong, attacked a party of outlaws on Espozaco Lake, near Eagle Pass, and killed five, wounded one, and captured fifty horses and a large number of cattle.

Two soldiers, names unknown, entered the crooked house of Minnie Kraedler, Poplar street, St. Louis, late last night, and became involved in a quarrel with Lillie Hammer and Lon Stevens. Lillie picked up a poker and struck at one of the men, when both drew their revolvers and fired simultaneously. One soldier fired a single shot at the barkeeper, while his companion fired three shots at the two girls. Lillie Hammer, who is twenty-four years old, and the mother of a child, was shot in the abdomen, and will die. Lon Stevens was shot once in the right arm and once in the right side, but will recover.
